WILLIAM COURTNEY LEAVITT

William Courtney Leavitt was born in Martinez, Calif., 71 years ago the thirtieth of next April. At the age of about ten years he found his way across the continent to Orono, N. H., where he resided about twenty years and learned the hardware business as an apprentice and stuck to it.

In the early eighties he migrated to Norway as a general and general hardware store on Main street. His talents drifted into the inventors' realm, therefore the wooden-metal combination boiler handle came into being. The handy contrivance may be found in nearly every home where the family wash is done.

Not many years ago a safety chimney shoe stopper of special design was patented and made a hit on the market. Some less than five years ago Mr. Leavitt invented a can handle to convert a discarded tomato can into a serviceable dipper.

In sportmen find this handy device and the thrifty housewife recognized the efficiency and convenience of a home made container. Many little odds and ends work room to improve the articles made by the hand, certainly ingenious and might be passed along the more pretentious quarters.

On Friday evening Mr. and Mrs. Hugh Pendexter entertained a party of friends at a dancing party at Pythian Hall. Music was furnished by Shaw's orchestra.

There were several feature dances, one, the elimination waltz, and Mrs. R. M. Stewart and Charles W. Bowker won the prizes. Another was the "post card dance." Post cards cut in two were distributed and partners were found in matching the cards. During the evening punch was served and at intermission, refreshments were enjoyed. The guests were Mr. and Mrs. Robert F. Bickford, Mr. and Mrs. Edward L. Burrill, Mr. and Mrs. Fred B. Smith, Mr. and Mrs. Fred S. Brown, Mr. and Mrs. Stuart W. Goodwin, Mr. and Mrs. Albert L. Clark, Mr. and Mrs. Lawrence M. Carroll, Mr. and Mrs. Stephen O. Jellison, Dr. and Mrs. B. P. Bradbury, Mr. and Mrs. Albert J. Stearns, Mr. and Mrs. James N. Fayer, Mr. and Mrs. Geo. F. Bowker, Mr. and Mrs. George Eastman, Mr. and Mrs. A. F. Goldman, and Mr. and Mrs. Harold Fletcher of South Paris.

"Will Bicknell, a well known and shining town. Fred Sanborn has not interested and they are having Tom-pinning contests at the Wearies. What next?

We are going into executive session of town reform. Nothing is to disturb us or our peace of mind so bring in your order for job printing. We are prepared for them.

Previous speakers have been made with L. M. Lowley & Son to attend to the service remains of the Norway Water Co. If in trouble telephone home.

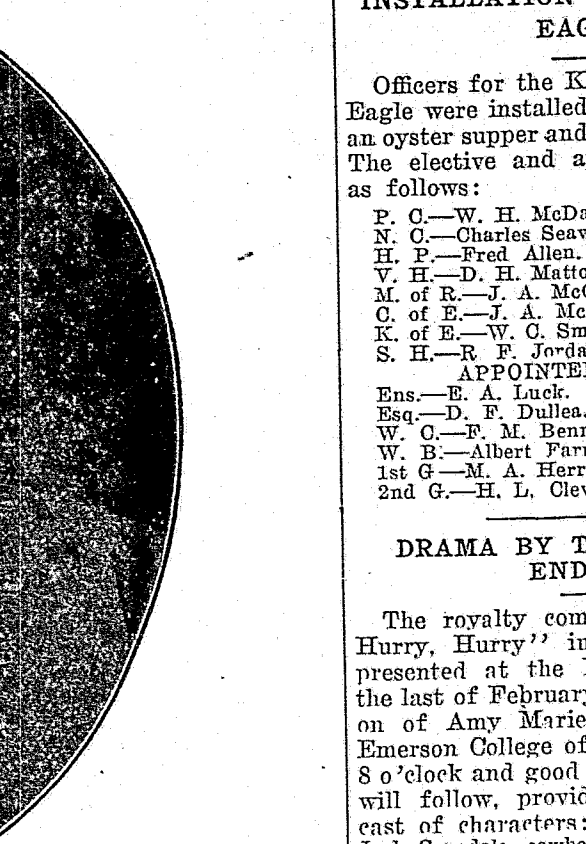

Mrs. Fred Allen is assisting Mrs. Richard at the Fashion Shop during the month of February.

Tax Collector E. L. Buck of Milton Plantation was a business visitor here, Wednesday, the carriage horse, the one for the popular schoolhouse some 5 miles. This horse is in East Milton.

The pastor's class of young men at the Congregational church have the good fortune to receive information every Sunday from the business and professional men in town. These informal talks followed by an open forum are in connection with a series of lectures entitled "Young Men Today." Hugh Pendexter, the writer, addressed the class last Sunday. Stephen O. Jellison of the Carroll, Jellison Shoe Co., will have a program at the next meeting, Friday evening, Feb. 13, in commemoration of Lincoln's and Washington's birthdays. Refreshments will be served, also. The members of the S. of V. camp are invited, and the Veterans are expected to be present. Each member is entitled to invite one guest for the social.

WILLIAM COURTNEY LEAVITT

To within a few years Mr. Leavitt has been an active member in the village, fraternity that fished streams and lakes, erected cottages up the big pond and enjoyed days in Nature's garden. Business and matrimony have tied him more closely to the store and shop, where his son, William H., has taken up the load with the vigor of young manhood.

The team work well under the name, William C. Leavitt & Co., carrying forward one of the oldest established business places on the street.

Mr. Leavitt is a staunch supporter of everything helpful to the community. When convinced a measure is right he is behind it with a push that can be felt that this Norwegian loves flowers, which are grown in abundance at his home garden on Orchard street. His early blossoms from bulbs are wonders, and look mighty good after a long, tedious winter. Vegetables are not forgotten in the quest for beautiful tints and his garden of more practical things is not lacking behind. Another hobby is collecting antiques, articles like frames, swords, etc. Something with a history whether noted or notorious, it matters little, for there is a halo about these things especially attractive.

The C. W. C. Class of girls in the Congregational Sunday School is an active organization. Next Sunday a contest will start, points will be given for church service, school work, and other things. A fine Bible to be the prize for the winner. Evelyn Gilman and Mary O. of the rules of the club is to be that no student will be allowed to continue after three excused absences. FRYEBURG

The Busy Bee Club met Wednesday January 28th, at the home of Mrs. Andrews, for their seventh annual meeting. At twelve fifteen a delicious baked bean dinner was served with a lot of good eating and pleasant conversation. For the benefit of our club, one member brought a dandy chocolate cake with a white frosting, on top of this decorated in pink, was written "The Busy Bee Club."

All had a very enjoyable time with a lot of work being accomplished. Our next, eighth, weekly meeting will be held at the home of Mrs. Whitaker, on Wednesday, February 4th, all the Busy Bees will surely be welcomed.

Fryeburg friends will feel sorry to learn that Edward Brackett, who at one time resided in the house now owned by Mrs. S. F. Ladd, was knocked down and injured so severely by an automobile in Waltham, Mass., that he was taken to a hospital and died in a few hours. Mr. Brackett was a veteran of the Civil War and it seems probable that men who offered their lives for their country should have been killed by automobiles. Mr. Brackett was a nephew of the late Mrs. A. R. Jennings.

Miss Hastings has returned from a few days visit in Portland. Mrs. Walter Burnell was a Portland visitor a few days last week. Laura Charles is working for Mrs. Wm. Whitaker.

Mrs. Bob Grey..... Ruth Gaffner
Mrs. Peter Womble..... Martha Irish
Dorothy Landon..... Arline Webster
Mrs. Robert Womble..... Robert Moulton
Uncle Tom..... Marjorie Thompson
Peter Wycomb..... Edwin Gray
Other..... Nova Shirley

Rehearsals are in order under the direction of Miss Nancy B. Farris.

NORTH FRYEBURG
Church Notes
The pastor, W. A. Smith, wishes to announce that, in the absence of any official vote upon where the church services shall be held during the remainder of the winter, he assumes entire responsibility in holding the services at Sunday afternoon at 2 P. M. in the Library building.

The pastor is very anxious to make the church services helpful and interesting. Therefore, while it does not seem best to attempt to hold regular sessions of the Sunday School at present, there will be something of interest at each service for the children as well as for the older people. On next Sunday the congregation will be asked to help solve a cross word puzzle. The service begins promptly at 2 and with the longer days, there is ample time for the men to get home from service in time for the evening work.

The services of your church means much to your community and the pastor urges your loyal, whole-hearted support and wishes very much that not only more of the men and women, too, would make a special effort to attend the services, but that the children and young people would be encouraged to come, also.

Every Joint In His Body Ached

Remarkable Relief From Agonizing Suffering Reported by Manchester, N. H., Man After Taking Karnak

Reports are pouring in from all over New Hampshire demonstrating that Karnak is bringing amazing relief to people here who have been suffering misery from stomach troubles.
The case of Mr. Francis X. Parent, 41 Marion St., Manchester, N. H., is typical of the hundreds received daily. He says: "Three bottles of Karnak have completely relieved me of rheumatism and stomach troubles that had made my life miserable for three years. I can move around in my body now, haven't a pain or an ache, I can eat everything I eat. Karnak certainly had a hard test in my case, because I was in such bad shape I had to quit work. I couldn't eat anything, every joint in my body ached and I could hardly get around."
Remember—Karnak Pills are an essential and vitally important part of the Karnak treatment, especially if constipated.
Karnak is sold in Norway exclusively by Frank P. Stone; and by the leading druggist in every town.

His Last Official Visit
Rev. D. B. Holt, who for ten years has supervised the work of Methodism in Augusta District and whose retirement from that office occurred in April, made his official visit at Norway, Tuesday evening, in connection with the quarterly conference a banquet was served under the efficient supervision of Mrs. A. H. Morgan. The M. E. C. Community Hall was filled to capacity with an extra table for the children. Appropriate remarks were made by Rev. N. R. Pearson, expressing the regret of the church in the proposed change in the superintendency. D. L. Joslin in behalf of the church and friends presented Dr. Holt with an all leather traveling bag, who in his characteristic way pleasantly responded.

At the conference the board of trustees and the board of stewards as recommended by the pastor were elected and committees appointed for the year. Reports of the various departments were unusually encouraging. Before adjournment the church unanimously requested the return of Rev. N. R. Pearson for another year.

The session in a series of sizes, making 6 points in each of the three periods. Par is worked hard and put up a strong defense, but was unable to hold down the basket wizard. Norway reaped up eight points before the boys of mystery could locate the ring. The first half ended 12-2 in favor of the Naughty Five. The entrance of Wing into the line-up added strength to Par, but the Norway lead proved too big and the game went this way. Personal fouls were numerous, but could not be eliminated.

Norway A. C. 37; Paris T. T. 34
A fast, clean game was the rule at the evening when Dr. Swift's colts met Norway at the edge on Paris and needed victory by a narrow squeak.

The prize for making a break opening went to Norway. Paris entered the end and period 9 points behind, but cut this to a single basket margin before the end of the first half. The third period, Norway cleaned up 10 points. Paris made the home outfit 5 points in the rear.

The final period was a wild scramble, featuring hard playing. Paris forced the play at every turn to erase the margin, while Norway seemed content to hold their own as Wright's watch ticked off the minutes. Paris edged close to a win in the last two minutes, but Leger or Rowe displaced Farnham at left guard and French might toss for their own.

The team work in both groups was excellent, showing clean passing, hard hitting, successful dribbling and numerous long range shots. No player had a corner lot and usually active. MacDonald had a prize winning night at the net and led the field with 19 points, 12 in the first half and 7 in the second half. Hanlon and French were also successful for Paris, scoring 7 and 6 points respectively. Coffin who replaced Farnham at left guard in the second half, put up a strong defense.

Fuller made only one successful pitch at the ring.
Paul Nevers and "Wild" Bill Ledger feuded at the ring for Norway. Practically all of Norway's basket work was in the first half, while Ledger landed a good catch during the second game. He also made 6 points in the last stages and played on full steam to the final whistle.
Returning to earth after the smoke cleared, the public can rest easy in the fact that the wilds of the year and as played in the last stages of professional surfaces. It is now up to all fans for a practical appreciation at the box the coin and supply the boys striving to present a clean game in the spirit of good sportsmanship.

MANY YEARS BACK
Prof. A. E. Morse of South Paris writes to Julian Brown of Norway and sends a clipping from probably the Norway Advertiser of 68 years ago. It shows that H. Brown, Julian's father was an Iron Foundry, Millwright and Pattern Maker at Steep Falls, Norway Village, Me. It gives a long list of what he manufactured and closed with "all kinds of casting made to order."

Brown's shop was located near where is now the power plant of the Central Maine Power Co. A good business was done at the foundry until the breaking out of the war of '61 when its owners closed the business to go to the front.

Mr. Morse's letter follows:
"I thought you would be pleased to have the enclosed clipping. You will find by the date it was published when you are no longer than we are to day. I cut it from a paper that was published about that time. The same paper contained two other advertisements, one of L. B. Weeks, when he lived in South Paris, and one of Frank H. Skilling. I am sending the one of L. B. Weeks to Mrs. Ed. Burrell of Norway and the one of F. H. Skilling to Mrs. Cora Briggs at Hyde Park, Mass. I don't know as either of you do but it certainly cannot be of any harm for you to have this."

Would You Accept a Good Cow?

Of course, you would welcome the opportunity of adding another good cow to your herd. The 200 to 250 pounds of butter fat she would produce each year would buy many things you would like to have.

Did it ever occur to you that replacing a cream-wasting separator with a clean-skimming, new DeLaval is just like adding a cow to your herd? There is this difference, though: you must usually pay cash for the cow, while payments on the DeLaval may be spread over a period of 15 months so that it actually pays for itself with its savings in a year or less time.

Your old separator as part payment

Bring in your old separator—no matter what its make or condition—and we will make you a liberal allowance on it as part payment for a new DeLaval. This is the machine with the wonderful self-centering, non-vibrating bowl which skims cleaner, produces better cream, runs easier and lasts longer.

POWER DEVELOPES INDUSTRIES

New Industry Near West Paris

Through the signing of a contract for power, announcement is made of a new industrial development near West Paris. The Oxford Mining & Milling Company, with main offices in Portland and a general office at Locke's Mills, has begun the construction of a feldspar plant in this vicinity.

Oxford County's hills and mountains, rich in feldspar, quartz and other mineral deposits offer a favorable outlook for an extensive growth of the new industry. In view of these prospects the plant has arranged for 200 horse power to be furnished by Central Maine Power Company, 24 hour service, 6 days of the week.

The announcement recalls an interesting phase of Central Maine Power Co.'s extension of its lines into this section of Oxford County a few years ago. At the time Central Maine Power Company took over the Oxford Electric Company it had no connection with the Androscoggin Electric Company power plant near Kezar Falls. When the connection between the two systems was made and transmission lines were extended as far as Trap Corner, it was considered by some a foolish enterprise. But the judgment of power men has since shown that the plan was made it possible to develop some of Maine's resources there.

The foundation for the mill is now being built. It is understood that the completed new feldspar plant will be the most up-to-date of its kind in the east.

Mrs. Gerry Wing, who passed on to the higher life last Tuesday, Jan. 27, at her beautiful home by Lake Christopher, was born in Woodstock seventy-seven years ago last April.

Her father was Eleazer C. Billings and her mother, Mary Jane Nutt. Besides Mrs. Wing there were two sons, one dying many years ago in Kansas City and the other brother lives in Brighton, Mass., but was unable to attend his sister's funeral as he was in Texas on a business trip. His wife was here although she had been ill, recently, with tonsillitis and bronchitis.

Mrs. Wing, who was Roduska Billings, married Gerry Wing in 1865 and two children came to bless this union, one girl, Mr. Effie A. Rogers of Boston, who died in 1921, and a son, Percy, is still living and has been with his parents most of the time since his sister's death.

For a number of years Mr. and Mrs. Wing spent the winter at their daughter's in Boston where they made many friends, who have brightened many hours for Mrs. Wing by the letters and remembrances since the death of her beautiful daughter three years ago.

Mr. and Mrs. Wing have been more fortunate than most married people in that they have been spared to each other for 60 years. Only sorrow is felt for the one who is left.

Mrs. Wing was a woman of ability and charm and willing to bravely uphold what she thought was right.

"Weep not that their tears are over; Grieve not that their faces are clay; When our work, like theirs, is done; 'Tis then we would yield with gladness Our treasures to Him to keep, And rejoice in the sweet assurance He gives His loved ones sleep."

OXFORD COUNTY IN 1812

Article 5
BY CHARLES E. WATERMAN

The town of Turner was a part of Oxford County in 1812, and remained a part of that political division until 1854 when it was set off to form a part of the newly organized Androscoggin County. As a part of Oxford County the town sent its contingent for the defense of Portland—two companies of infantry and one battery of artillery.

In 1812 the town was headquarters for the first brigade of the Thirtieth division, officered as follows: Brigadier General—John Turner, Turner. Brigadier—James Starr, Starr. Brigade Quarter Master—Oliver Pollard, Turner.

It might also be mentioned here that in the latter days of the old militia system of Maine, Turner was headquarters of a brigade, the commander being Brigadier General Philo Clark, who was a son of Colonel Cyrus Clark, who commanded a portion of Oxford County troops in the defense of Portland, including the two companies of infantry the rolls of which are given below:

Captain—Seth Staples, Waltham, Mass. Lieut.—John Briggs, Waltham, Mass. Sergeant—James Starr, Starr. Corporals—Abner Thayer, Clement Randall, John Briggs, Waltham, Mass. Musicians—Benjamin Niles.

Privates—Joseph Addison, Turner. Freeman Bradford, Turner. Nathaniel Cole, Turner. William Oaswell, Turner. John Dresher, Turner. Gilbert Evans, Turner. Charles French, Turner. Sylvanus Hall, Turner. John Hutchinson, Jr., Turner. Lieut.—Isaac Leavitt, Turner. Sergeant—Caleb House, 2nd; Daniel Pratt, Turner. Corporal—Luther Merrill, Turner. Musicians—James Allen, John C. Young.

Privates—John Austin, Turner. William Burr, Turner. Aaron Brown, Turner. Ephraim Bradford, Turner. John Briggs, Turner. Asa Haskell, Turner. David Hale, Turner. Martin Harris, Turner. Chisham Hinds, Turner. Thaddeus Hins, Turner. Jesse Shaw, Turner. Isaac Jones, Turner. David Jones, Jr., Turner. Abijah Jones, Turner. Fyden Jones, Turner. Grifith E. Keen, Turner. John Keen, Jr., Turner. The rolls of the artillery battery will begin with the others of Major Alden Blossom's battalion of artillery.

Next week, rolls will be those of Livermore.

NORTH LOVELL
George Mills and Wm. Spencer are cutting for Benjamin Russell of Center Lovell. Jesse Adams secured a nice fox last week. Glenora Wilson visited her mother, Mrs. Herbert McAllister at Lovell, recently. Melvin Lawler has finished work for Fred Warren. William Ward was in Auburn several days the past week. The sick ones at Fred Warren's are all better. Bert Mason, who has been laid up with a broken leg, is so he gets about on crutches and will probably be able to walk soon. No mail either way, Friday, on account of bad roads. The strong wind piled the light snow that came Wednesday in drifts that were traveling impossible till a lot of shoveling was done and the roller went over the roads. Saturday, the mail came through although the roads were bad. Carroll Curtis recently visited his uncle, Amos McKean, and family.

SOUTH RUMFORD
Howard Burditt is ill with pneumonia and his mother, Mrs. Harry Burditt, has come from Turner to help care for him and do the housework.

Family Reunion
A family reunion was enjoyed at Henry Atwater's Sunday, Jan. 25, in honor of the 25th birthday of their daughter, Mrs. Lila Cameron, who was born on Jan. 25, 1899. Her birthday was their daughter, Mrs. Mae Phillips, her husband, Hugh Phillips and their daughter, Pearl Delano, the oldest daughter of Priscilla Atwater Delano of Abbott's Mills.

Important to Savings Depositors
The State Banking Department is now engaged in the work of verifying Pass Books of savings depositors of Savings Banks located in South Paris, Norway and Bethel. The Statutes provide that this verification of Pass Books shall be made once in every three years and in addition to the regular examination of all State Banking Institutions, Bank Commissioners, Fred F. Lawrence, states that he has adopted the practice of verifying the Savings Deposits of all the Counties and is now being used in the above towns. This method has proven very satisfactory in each bank and will compare the Pass Books as they come in for the purpose of correcting any errors or omissions in the accounts.

As this work is done for the benefit of the depositors, the Banking Department should have the cooperation of all depositors in presenting their pass books at the bank, or sending them in by mail, on or before Thursday, February 12th, 1925.

Borrowed money goes faster than money that is earned.
